PRODUCT PLATFORM / OEM / PRIVATE LABEL

Open-Ear Earhook Earbuds X17 PRO

MODEL	X17 PRO
CATEGORY	Open-Ear Audio
COMMERCIAL	Quotation-based B2B project; no retail price displayed
STATUS	Available for sample and configuration review

PRODUCT OVERVIEW

An open-ear earhook platform for sport, outdoor and movement-led OEM or private-label briefs. The earhook form gives buyers a distinct alternative to clip-on products while keeping environmental awareness central to the use case.

Catalog-listed configuration

Wearing type	Open-ear earhook
Chipset	JL7003
Driver	13 mm
Earbud battery	40 mAh each
Charging case	300 mAh; LED-display direction
Playback reference	More than 7 hours (catalog listed)

Buyer verification checklist

1. Movement retention and comfort across the intended user range
2. Wind behavior, call pickup and sound leakage in real use
3. Supported water-resistance evidence and sweat-care instructions
4. Final color, logo position, package and production sample

Verification note: The specifications above come from the reviewed supplier catalog. Final configuration, performance, water-resistance evidence, compliance files, MOQ, packaging, lead time and production terms must be reconfirmed before an order or public claim relies on them.
